## Preface

*Alhamdulillah*, praised to Allah, the Most High, because of His grace, guidance, and iradah, a book entitled "*Understanding & Using Tenses in English*" was completed and published.

This book is intended to be used as a guidebook and supplementary book for Learning English & English Literature for High School, or learning English in general for High School/equivalent students, teachers, and English learners in general.

This book discusses about all tenses (16 tenses) in English, how to use them in the sentences, the formula of each tense, and other things that are often found in learning English and English Literature as well as teaching English in high school and equivalent.

I express my deepest gratitude to all those who have helped, either directly or indirectly, in the effort to publish this book. In particular, this remark is also conveyed to **CV Tangguh Denara Jaya Publisher** in Kupang City, East Nusa Tenggara, which has published this book.

I have tried to present this book as optimally as possible to serve as a guide and complement to learning English language and literature in particular as well as learning English in general among SMA/MA/SMK/equivalent students as well as teachers in charge of these subjects. However, I realize that the book still has shortcomings or weaknesses. For this reason, constructive criticism and suggestions from readers and users of this book are very welcome.

Hopefully this book can benefit all of us. Amen, O Lord of the worlds.

The Writer,

Drs. Abdul Rajak Husain, M.Ed.
